Assemblywoman Julia Brownley Earns Perfect Scores by Five Groups

SACRAMENTO—Assemblywoman Julia Brownley, D-Santa Monica, announced today she has earned perfect scores on legislation supported by five groups in 2008 protecting the environment, seniors, workers, the disadvantaged and health care.

Assemblywoman Brownley voted in favor of all 10 of the Sierra Club California's priority bills when they came to the floor last year.

She also earned perfect scores by the California Labor Federation, the National Association of Social Workers, the Congress of California Seniors and the American Cancer Society

Assemblywoman Brownley scored a 96 percent, voting in favor of 24 of 25 bills supported by the Children's Advocacy Institute. No lawmaker scored higher than 96 percent, because one bill died in a fiscal committee.

She voted in favor of 93 percent of 15 key consumer rights bills in 2008 supported by Consumer Federation of California, maintaining a 96 percent favorable record over the past two years.
